Two Chinchilla Ranches in Mokena
Chinchilla Show to be Jan. 31-Feb. 1

Give Welcome Home
Party for Korean
Vet, Wm. Burkhardt

About 50 friends and relatives gathered in the Charles Burkhardt home in Mokena Sunday afternoon for a surprise post-nuptial miscellaneous shower honoring their son, William, and his bride, the former Miss Lillian Knox of Orland Park. The young couple were married prior to his induction into the service. The party was given by Mrs. Hattie Breuning of Tinley Park and Mrs. Lena Krohn.

It was also a welcome home party for Bill, who left the States December 1, 1951, for Korea and returned home with his honorable discharge January 6, 1953.

While in Korea he was in a construction camp and did a lot of building, but later served as a military police guarding prisoners of war taken by U. N. forces. Bill said the Chinese prisoners were hard to manage, but the North Korean prisoners were quite appreciative of the fine treatment accorded them at the hands of our forces.

It was a custom among the Koreans, Billy said, to have a stone wall surround the beautiful city of Seoul, which followed the contour of the mountains. This wall was knocked down in the big push and the North Koreans immediately rebuilt it by placing large stones one on the other, without using mortar.

Bill is very happy to be home and at the gathering Sunday this honored couple received many lovely gifts. Delicious refreshments were served, buffet style.

Mr. and Mrs. William Burkhardt plan to motor to Florida about February 8 for a belated honeymoon, and on their return will go to housekeeping in their new home at 302 Carpenter St. Mokena.

William's parents, Mr. and Mrs. Charles Burkhardt also plan to leave the first week of February for Florida where he expects to build a home for his brother, Phil and family. They will return to Mokena about the first of April.

TO SHOW
NEW WELDING
METHODS HERE

Mr. C. Swanberg, owner of Swanberg Farm & Auto Service, Mokena dealer for The Lincoln Electric company, manufacturer of welding equipment, returned recently from Cleveland where he spent a week in an intensive training course to learn the latest welding developments and how to conduct welding clinics to teach them. Swanberg cited new hard surfaced materials as one new development of special interest. "Machinery would never wear out," he said, "if you were always able to put hardsurfacing metal at the right place at the right time."

Swanberg said he went to the Cleveland course to be able to serve better the welding needs of this area in making and maintaining machinery that is vital to production in both farming and industry. The course included in addition to new welding developments, training in all types of welding operations and other uses for welding equipment such as soldering, brazing, cutting, gouging, heating and hardsurfacing. New machines and electrodes were studied along with new service methods for trouble shooting. Special emphasis was put on how to conduct welding schools, several of which Swanberg plans to have in this area.

Threatens to Kill
Frankfort Couple

Carl Hagan, a hired man in the employ of the Juracks, who live at Route 30 and Wolf road, near Frankfort, was arrested last week for asking another employee of the Juracks to aid him in doing away with them.

Mrs. Lois Jurack had already started on a trip to Aurora when this proposition was made. His plan failing, Hagan went to Aurora, where he was arrested and held on a disorderly conduct charge and drunkenness.

ARRIVES IN TOKYO

Mr. and Mrs. George Kreml of Mokena received a cablegram from their son Pvt. Richard Kreml that he had arrived there January 20, and is stationed at Camp Drake. He stated he was sea sick all the way over as the sea was very rough, but he is fine now.

WHEN THE SIREN
BLOWS TONIGHT

Do not be alarmed when the Mokena fire siren gives two blasts tonight, Thursday evening. This is only a reminder to all good citizens that the 1953 Mothers March of Dimes campaign is underway, and that the porch light should be turned on in every home as a symbol of welcome to the mother who will call.

Polio struck at more than 1,700 Cook County residents in 1952. It was the first epidemic in the history of the county and most of the victims were children. So join in the good crusade against polio by contributing generously. And don't forget to turn your porch light on—for one hour.

The mother workers, that evening in Mokena will be Mrs. Thomas Powers, chairman and Mesdames Hugo Niethammer, James Fassett, Carol Roberts, Lloyd Leyerle, Richard Sippel, Geo. Bernard, Kenneth Cornells, John Horras, James Horras, Hans Mueller, Earl Moss, Jo Heim, Edw. Walsh, Edw. Yunker, Ray Westlund, Wesley Cappel, Robt. Petersen, Geo. Haehnlin, Wilbur Buske, and Mrs. Edw. Brueser.

Elect Officers of
Public Service Co.

Gordon R. Corey and E. E. Lungren have been elected vice presidents of Commonwealth Edison Company, it is announced by Charles Y. Freeman, chairman.

Mr. Corey, who has been comptroller of the Edison Company and Public Service Company of Northern Illinois since 1951, also was elected a vice president of Public Service.

Mr. Corey started with the Edison system in 1939 as assistant to the president of the former Western United Gas & Electric company. He is a graduate of the University of Wisconsin and has a Master of Business Administration degree from Northwestern University.

Mr. Lungren, who started with the Western United Company 38 years ago, has been vice president of Public Service in charge of gas operations since 1948. He will continue to direct the gas activities. He is an engineering graduate of the University of Illinois.

Both Mr. Lungren and Mr. Corey reside in Aurora.

Letters to Editor

This newspaper received a communication last week signed, "A Subscriber." We would like to publish this letter, but it is contrary to our policy to publish unsigned letters. If a person does not wish to have their name published in connection with their letter, and desires to have us use only their initials, or an assumed name, we will publish only the name they affix as signature, such as "A Subscriber." In this case, but in all such instances the real name and address should be written in the lower left hand corner for our information. Such names will be held in confidence, of course.

100 YEAR OLD
ROESNER HOME
RAZED THIS WK.

The old Roesner home at the corner of Wolf road and Front street, Mokena, which was recently purchased by Sheldon Hauck of New Lenox, is now being razed for a gas station site. Chester Gorney of Mokena is engaged in the demolition.

The Roesner home has quite a historical background, as it was one of the first homes to be built in Mokena. Mrs. John Nielsen, of Mokena, says the old home was believed to have been built by her great-great-grandparents, Mr. and Mrs. Bauch. Mrs. Nielsen thinks his name was Jack Bauch, but is not sure on this point. They came from Germany and built this place, it is believed. The home was built right up to the sidewalk, an idea which was carried over from Germany, where every inch of ground was used for gardening purposes and front lawns were considered a waste of space.

When Henry Frick, who was a painter and decorator, came to Mokena from Chicago, with his wife many years ago, they purchased this place from Mrs. Frick's grandparents, the Bauchs. Harvey Frick, New Lenox insurance man, was born at this place.

Just how old the Roesner home is none can say definitely, but there can be no doubt that it is much more than a century old. Mrs. Henry Frick, who died 40 years ago, was 80 years old at that time and it was her grandparents who it is believed built the place and lived there. Some of Mrs. Nielsen's great grandparents, the Jacob Bauchs, in the beginning lived in a log cabin south of Mokena.

Mokena Lions Issue
First Bulletin; To
Hold Charter Night

The Mokena Lions have just issued their first bulletin which is called, By-Lions, to be published on the fourth Monday of each month. It is pointed out the bulletin that the name used for the first issue need not be a permanent one, having been chosen at random, and the editor, Fred Lehmann, has called upon members for additional suggestions.

The bulletin lists the officers and directors who have been elected to govern the club until the end of the fiscal year, June 10, 1953, and names the various committee chairmen. It is not all dry as dust stuff, but is sprinkled here and there with some good jokes, plus, of course whatever Lions news happens to be at hand.

The big news right now, of course, is Charter Night, to which the public is invited. On Saturday, January 31, the Mokena Lions will be officially chartered by Lions International as one of its newest clubs. The colorful ceremonies will be under the chairmanship of John Scarth, who promises an evening long to be remembered.

The guest speaker will be Lion Frank H. Masters, Will County State's attorney. The sponsoring club, the New Lenox Lions, will play an important part in this affair.

The banquet will be held in St. John's church with the Women's Guild serving the finest dinner possible.

Ask Probation For
Reckless Driver

Robert Hauser, 18, who lives east of Frankfort, entered a plea last Friday morning in county court of guilty to a reckless driving charge. The charge was that he had driven recklessly through the Frankfort school yard during recess, last November. Hauser asked for probation. Attorney Albert H. Krusemark and LeRoy Hansen, a village trustee of Frankfort, both recommended that probation be granted. The case was continued to January 29 to permit the county probation officer to make investigation.

Installs TV Set in
Frankfort School
For Inaugural Day

On President Eisenhower's Inaugural Day George Sangmeister, proprietor of the Sangmeister Electrical Sales in Frankfort, rendered a very thoughtful and fine service to the children of the community by installing a television set in the school auditorium for that day. Classes were dismissed, and both teachers and pupils assembled and watched this interesting and historic event in Washington. The teachers and the children are grateful to Mr. Sangmeister for this service.

Invest 28 Brownies,
7 Girl Scouts in
Colorful Ceremony

The investiture ceremony of Girl Scouts and Brownies, held last Sunday afternoon in the Mokena public school, was attended by 140 persons. It was a very successful and enjoyable affair.

Mrs. George Reid had charge of the investiture ceremony; and Mrs. Dean Rueckert was neighborhood chairman. Eighty participated in the program, which included 10 new Brownies and seven new Girl Scouts. Twenty-eight Brownies received pennants for last year's work, and 24 Girl Scouts received stars. Fifteen Girl Scouts received their five-year pins.

The following three senior Girl Scouts received recognition pins: Marilyn Cooper, Marilyn Boleman and Martha Jo Doyle.

The following adults were invested as committee members: Mrs. James Murphy, leader; Mrs. Albert W. Emske, co-leader; with Mesdames Walter Yunker, Robert Geuther, Paul Lembeck Jr., Walter Schoeneck, J. S. Perry, Donald Ambuehl, James Fassett and Jack Owens.

The following received pins for five years of service as leaders: Mrs. Hugo Niethammer, Mrs. Arthur Shoop, Mrs. Dean Rueckert, Mrs. Henry Boleman, Mrs. Harold Cooper, Mrs. George Reid, and Mrs. Gerrit Swart. Mrs. Elizabeth Cappel was given a pin for 15 years service and Mrs. Jane Bills a 10-year pin.

Following the ceremony a social hour was held. Coffee and tea were served to adults, and punch to the children.

Frankfort Cub Pack
Meets and Honors
Deserving Scouts

A Cub Pack meeting was held Saturday evening in the Frankfort school with Lester Heisner, Cub Master, in charge. The project was a transportation (Den 1, 2 and 6, bicycles); (Den 3, old fashioned cars); (Den 4, wheelless vehicles); (Den 7, water transportation).

Bert Larson presented the Boy Scouts who were recipients of honors: Payne Cave, Michael Tate and Raymond Neidringhaus being made Denner (2 stripes); Assistant Denner honor (1 stripe) was received by Frederic Coppotelli, Robert Breidert and Bruce Lewin. A Wolf Badge went to Ronald Brooks; a Bear Badge to Roger Semankovik and Gerald Mark; a Lion Badge to Gerald Eisenbrandt and Gerald Peipenbrink; a Gold Arrow to Dale Reils and Gerald Eisenbrandt; and a Silver Arrow to Gerald Eisenbrandt.

The opening and closing ceremony was in charge of Den 4. The Blue and Gold banquet will be held at the February Pack meeting.

The Den Mothers workshop which was held in Joliet at Ferdinand hall January 20, 21 and 22 was attended by Mrs. Lester Heisner, Mrs. George Tate, Mrs. Otto Neidringhaus, Mrs. Arthur Eisenbrandt and Mrs. Bert Larson. Den 4 served refreshments.

F-M Home Bureau

Mrs. Fred Piepenbrink of Frankfort was hostess to the Frankfort-Mokena Home Bureau at the regular meeting last Tuesday afternoon. Roll call, "How Use My Old Christmas Cards" was answered by 10 members. Two guests were present.

The major lesson on cooking less tender cuts of meats was prepared and demonstrated by Mrs. Ray Westlund. The minor lesson on the romance of china-ware was given by Mrs. George Elsner.

The January family night party was held last Friday evening in the home of Mr. and Mrs. Lawrence Kohl.

The group sent a plant and card to their member, Mrs. Robert Niemann, who is confined to her home following surgery.

Plans were discussed to appear on a television program in Chicago in April.

The February meeting will be held in the home of Mrs. Fred Schinkowski when the assistant home advisor, Miss Kay Anderson will give the major lesson on use of color, texture and design throughout the home.

The annual membership drive is now in progress and the group extends the invitation to any woman in this area who is interested in joining to please call Mrs. Martin Medema at Mokena 3146 or Mrs. Emil Groth, Frankfort 3233 for further information.

The big event which everyone in Tinley Park has been planning and working for, will take place this Saturday evening Jan. 31, when the Tinley Park Volunteer firemen will give their annual dance. This will be their 53rd dance and all proceeds from the dance will go into the firemen's organization. It will be used for the upkeep of their trucks, supplies, repairs and the many items required to maintain a first class fire department.

When a fire siren blows and the firemen rush to the fire house, don their waterproof cap and coat, and rush down the street, everyone likes to watch the thrilling moment. Then when they arrive at the fire and get into quick action is another thrill. But no thought at that time is given to those firemen who cheerfully leave their work in an instant, no matter what they are in the midst of doing, and rush to give their service to their community, friend and neighbor.

Now, it is the other way around. It is the spectator's chance to come into play, and the firemen are on the sidelines anxiously waiting to see how their service is being appreciated, by those buying tickets to this, their annual dance. Now is the opportunity to not only say thank you, but by buying dance tickets and attending the dance if possible, to say, "Our hats are off to our firemen, we think they are tops. We do appreciate all you do for us."

This is the cheapest form of fire protection and of maintaining a fire department. The firemen receive no salary and the employer who releases their workmen to go and fight a fire receives no compensation. Every thing is gladly given.

To Attend 50th
Anniversary Meet
Of Rexall Drug Co.

Mr. and Mrs. F. N. Elliott and Robert Waldvogel of New Lenox will attend the 50th anniversary meeting of Rexall Drug Co., which begins at 3:30 p.m. in the Conrad Hilton hotel in Chicago, Thursday, January 29.

The meeting is one of 19 such programs scheduled in 18 states from coast to coast during the next months of this year.

Justin W. Dart, president of the Company, and C. Earl Cooper, vice president in charge of marketing, will take part in the meeting.

Dinner and the premiere of a new film, dramatizing the company's history and presenting merchandising and sales plans for 1953, will be included in the program.

Rexall started operations in a very modest fashion at Boston, Mass., in 1903, under the direction of the late Louis K. Liggett. In the half century of its existence it has become one of the largest drug companies in the world.

In accordance with its original policy, its products are distributed through 10,000 independent druggists whose franchise entitles them to exclusive retail sales rights in their trading areas.

Dr. M. J. Buckley
Marries Former
Chi. Heights Girl

Dr. M. J. Buckley, physician and surgeon of Frankfort, was united in marriage with Miss Evelyn Willner in San Francisco, Cal., December 26, 1952. Mrs. Buckley is the daughter of Mr. and Mrs. William Willner, formerly of Chicago Heights, and is a professional organist, having played to many large audiences in the East and elsewhere.

Following a brief honeymoon spent at Carmel and Del Monte, Calif., Dr. and Mrs. Buckley returned to their home in Frankfort where Mrs. Buckley is assisting the doctor in his work. Their many friends wish them many happy years together.

CARD AND BUNCO PARTY

The Holy Name Society of St. Mary's Church, Mokena, is sponsoring a combination card and bunco party to be held in St. Mary's school hall, Saturday, February 7. Members of the Holy Name Committee are: Father Juniper, Joe Bernardin, Jim Marti and Mike Clegg.

An enjoyable evening of fun and relaxation is in store for all who attend. Various prizes will be awarded, and refreshments will be available.

Stormy Times Ahead in Washington—When President Eisenhower took over the reins of government he made two speeches, his inaugural address and his message to the State of the Union. In those speeches he expressed dedication to American ideals, a determination to re-establish the American Way of Life, and he outlined a practical program for realizing those objectives. Ike's program will form the basis for heated arguments and hot debates in Congress, between the "Internationalists" and the "Nationalists," the "Do-gooders and the Practical-minded," the "Socialists and the

Private Enterprise Supporters". Stormy times are ahead! John Foster Dulles has the task of reorganizing the State Department from top to bottom and of initiating an American-Foreign policy to take the place of Acheson's Foreign-American policy—one that will be definite, will be consistent, and will be in the interest of world peace and world security. That will require constructive legislation worked out by the Foreign Affairs Committee of House and Senate. His legislation will give rise to hot debate. So, under the new Secretary of Defense, Charles Wilson, the entire defense set-up and defense budget will have to be revised and recast in order to make it practical and effective. He will meet a new program of cooperation and cooperation between the various units of the defense set-up—the Army, the Navy, the Air Force, and the Marine Corps. This is a tremendous task for Secretary Wilson. It will require proper legislation—another headache for Congress. Then come our internal prob-

lems, taxes, wage and price controls, inflation, farm policy, internal security policy, etc.—all of which must be studied and revised in order to again make America a land of freedom and opportunity.

Will the new Congress and the new administration measure up?

Continued Prosperity and the "If's" in Connection There-with—"Other things being equal", as the prognosticators say, we will have the same level of economic prosperity in 1953 as we had in 1952. What do prognosticators mean by "other things being equal?"

In mid-year 1950 we were on our way back to peacetime normalcy. Then the Korean invasion happened. Overnight our program was changed, and again the nation was placed upon a wartime production basis. Joe Stalin upset our program by giving his Asiatic puppets the go-ahead signals. This is an example of "other things Not being equal." The following "If's" should be considered.

(a) If the 20-year feud between labor leaders and management results in a truce, we will enjoy a period of prosperity. Prolonged strikes in key industries dislocate our economy almost as badly as Joe Stalin's maneuvers.

(b) If our individual tax burdens are made lighter, we will have more dollars to spend for our own needs. American citizens can spend \$10 billion more upon themselves and their families as advantageously to our economic prosperity as the Federal government can spend it.

(c) If Joe Stalin refrains from executing another maneuver designed to upset the economic balance of the United States and stampede us into new and inflationary defense and foreign aid ventures, we will enjoy a period of stable prosperity.

(d) If the Federal government reduces defense spending five or ten billion dollars, the State and local governments can then make expenditures for badly-needed, large-scale public improvements such as road

building, bridge construction, schools, hospitals etc., as they now plan to do. In that way the slack can be taken up by spending for worthwhile peacetime needs.

(e) If Eisenhower's victory results in an increase of public confidence, because it gives an assurance that government will act from now on as an umpire between capital and labor, then private industry can and will go ahead with plant expansion programs involving the expenditure of billions of dollars. These expansion programs have been awaiting the green light.

"Other things being equal," we can expect four years of continued prosperity.

FARMERS WARNED OF PROGRAM CHANGE

It is estimated that approximately 74 percent of the farmers in Will County will be signed up to participate in the 1953 Agricultural Conservation Program according to Conrad Borms, Chairman of the local county

PMA committee. Each and every one of these no payment can be made for any practice which is started before an official notice is issued to the farmer advising him of the specific conservation work which has been approved under the program.

Committeeman Borms, gave assurance that these official notices would be issued by the county committee as soon as possible and in no event later

than the middle of February. This means in effect, he said, that credit cannot be given under the 1953 program for any practices which are carried out during the first four to possibly six weeks of this 1953 year.

This provision, he explained, was initiated as an endeavor to keep the program in line with the intent of directing program assistance to increased practice accomplishment that otherwise would not be made.

Tips on Traffic Safety

EDWARD J. BARRETT, Secretary of State

Skidding is a major factor in many accidents during the winter months when snow and ice cover highways and streets. Skids rarely just happen, they are caused, but if you should get into a skid remember to take your foot off the accelerator and steer INTO the skid, as shown in the illustration. Use your

brakes as little as possible until your car is again going in a straight line.

Most skids can be avoided if the driver takes into consideration weather conditions and speed. Slower speeds and greater distances are required for stopping or turning. Braking must be done cautiously.

A copy of the booklet, "Rules of the Road," containing many traffic safety suggestions, will be sent to you free upon request. Write to EDWARD J. BARRETT, Secretary of State, Springfield, Illinois.

Handy Place for Sacks

SINCE they are so useful for a variety of purposes, paper sacks should be kept in a handy place. A simple "sack trap" which can be made at home will hold a dozen or more folded sacks.

Using a one-inch thick piece of lumber a foot long and four inches wide, cut parallel grooves the length

of the board to receive panels of quarter-inch Tempered Presdwood. To provide easy access into the "sack trap," remove a circular piece from each panel with a coping, scroll or jig saw. Bevel all exposed edges of the Presdwood slightly with a sandblock or file.

Waterproof glue will keep the side panels securely in place. The sack holder may be finished with paint or enamel to harmonize with its surroundings. Use a good quality primer and one

Tel. Frankfort 4902 and 4901

The WSCS of the Methodist church will meet in the church Thursday afternoon Feb. 5 with the president, Mrs. Frank Heisner presiding. The theme of the study will be: "Unto the Perfect Day." Devotions will be in charge of Mrs. Jake Hostert and Mrs. Martin Miller. The affair will begin with a potluck dinner at 12:15. A Valentine party will be observed at which time the mystery pals will be revealed. Mrs. Albert Borms, Mrs. George Koehler and Mrs. John Reed will be in charge of the kitchen and Mrs. Clyde Reils, Mrs. Calvert Heath and Mrs. Walter Grotewald in charge of the dining room.

The PTA mothers will make a canvass of the town Wednesday evening, Jan. 28, for the March of Dimes. They will meet at the school before the canvass and again when finished. After the meeting refreshments will be enjoyed.

Miss Viola Lankenau, principal of the public school, wishes to express appreciation, in behalf of the school, for the installing of a television set by George Sangmeister for the school, to view the inauguration day activities.

Mrs. Earl Bettenhausen entertained her pinocle club in her home last Wednesday afternoon. Those receiving prizes were Esther Bettenhausen, Mrs. Donald Wilke and Mrs. Harold Ullrich. Later a two course luncheon was served. The next meeting will be Feb. 18 in the home of Mrs. Harold Ullrich.

Mr. and Mrs. Harold Ullrich entertained Sunday evening at a family gathering in honor of their daughter Carol, who celebrated her 15th birthday anniversary Tuesday of this week. About 25 guests were present who enjoyed a social evening with refreshments.

The party given Friday evening at the Hinspeter school was attended by 80. An evening of games consisting of Canasta, buncos, bingo and pinocle was enjoyed. The prize winners in pinocle were Miss Viola Lankenau, Ralph Heisner, Mrs. Christ Fink, Mrs. Jake DePorto and Ray Janssen. Other prize winners were: Francis Bajorinas, Robert Loughary, Douglas Heisner, Mrs. Ralph Heisner, Mrs. Joe Kestel, Laverne Mark, Harry Miller and Lloyd Heisner. After the evening's entertainment refreshments were served. Hostesses were Mrs. Lloyd Heisner, Mrs. John Crawford, Mrs. Steele, Mrs. Harold Seal and Mrs. Arthur Mark. Some of the prizes were donated by the Frankfort Hardware and Dunham's Hardware at Mokena.

Miss Bonnie Borms underwent a tonsillectomy in St. James hospital Saturday. She returned home Sunday.

Mr. and Mrs. Walter Bettenhausen were Sunday dinner guests of Mr. and Mrs. Gilbert Koehler at Blue Island.

Tri-County Home Rule Assoc. Meets Jan. 22 in Oak Park

(CNS) The Tri-County Home Rule association will hear discussion of the Greater Chicago authority plan—which proposed the financing of public improvements by the sale of revenue bonds under a semi-independent city organization—at 8 p.m. Jan. 22 in the Oak Park municipal building.

Proposed by the Chicago Plan commission, the plan has been incorporated into a legislative act, to be presented to the state legislature if approved by the city council. The act's provisions will be explained at the Oak Park meeting by S. Ashley Guthrie, attorney and member of the commissions legislative advisory committee. Commission chairman William M. Spencer was expected to attend.

The session was announced by G. D. Wilson head of the Tri-County group and president of Skokie.

Local governments of Cook and four adjacent counties would be affected by the plan. City and the counties representatives would direct the authority's activities. Through the sale of bonds, the authority would construct, buy or lease airports, railroad terminals, toll roads, port facilities, sewage and water works, and other public projects.

HELLO FRIENDS AND NEIGHBORS!

Our 1953 Safety, Friendly and Business Message To Our Many Thousands of Friends In All This Great Section ---- Dedicated to Truth, Peace, Justice and Continued Prosperity!

Each year we feel it appropriate and befitting to express our gratitude and thanks for the past year's relationship—both business and socially.

Please drive, work and play safely—these are school days. Protect our children—and, remember, it is always better to be careful than always to be sorry.

In the face of all our many world problems and unrest, everything, today, and 1953 points to a record-breaking money and business period—not to be retarded soon—so say all the nation's great prognosticators of big business and world affairs.

Through a very careful survey and comparisons, we know there is no better merchandise, variety of stock, or service, anywhere at any price, second to none, than can be had in our section at a price range that has always been conducive and pleasing to all concerned at all times.

Remember, Blue Island, Harvey, Tinley Park; Orland Park; Worth, Oak Forest, Midlothian, Markham and all this vast territory we serve are neighbors with much in common! Let's be good neighbors and treat each other like good neighbors.

Whenever your desires and needs cannot be met in your respective communities continue to visit around the territory on your shopping and service tours. You cannot do better. And, you are always welcome, as well as saving money and being a community booster.

Again, may we remind you on behalf of the National Safety Council and the grand people of all this great section as a whole to please drive, work and play safely—save a life—and, remember, the life you save may be your own!

All we good Americans, today, more than ever must have faith and pull together. Don't sell America short. We must and will crack the iron curtain. Peace and justice will be ours with God's help.

Sponsored by the following progressive and public-spirited business and civic leaders of this great prosperous community who pledge themselves to unity, progress, safety and the American way of life.

INCOME TAX DUE DATES

by Robert Schweizer

The following dates must be
observed by calendar year tax
payers in order to comply with
Federal regulations and avoid
possible penalties:

Businessmen—Deposit with an
authorized depository, amounts
withheld from employees on in-
come and social security if total
is over \$100. However, payment
for the third month in a calen-
dar quarter may be made with
return at the end of the month
following. Monthly by the 15th.

January 15th—Last day for
correcting 1952 estimates and
paying balance of estimated tax.
Instead, if desired, a final 1952
income tax return may be filed,
thus, avoiding any possibility of
a penalty for underestimation.

January 31st—File form 941
for amounts withheld in the last
quarter of 1952, accompanied by
Forms W-2A (triplicate of em-
ployee's form W-2) Form W-3
Reconciliation and make pay-
ment.

Give employee original and
duplicate of Form W-2 state-
ment of earnings and tax with-
held.

February 28th—File form 1099
an information return, for pay-
ments made during 1952 of
\$600 or more to any one payee
on interest, rents, royalties, an-
nuities, pensions etc., on a com-
bined basis. Dividend payments
of \$10 or more during 1952 to
any one payee must also be re-
ported on Form 1099.

Form 1099 together with
transmittal Form 1098 must be
filed only on a calendar year
basis even though the payor
may be on a fiscal year basis.

March 15th—Last day for fil-
ing 1952 income tax returns.
File declaration of estimated
1953 income tax and pay first
1-4 of estimated tax.

Farmers

January 31st—Last day for

filing 1952 income tax return if
no estimate has been filed.

February 28th—File informa-
tion return, form 1099 if pay-
ments during 1952 of \$600 or
more to one payee have been
made on interest or rent.
March 15th—Last day for fil-
ing 1952 income tax returns if
an estimate has previously been
filed.

Under The Cross Of Malta

Reporting on our last regular
Post meeting Thursday evening,
January 23, several subjects
were discussed relative to future
Post activities and services to
our community. More detailed
information soon. One new re-
cruit was elected to membership
in our Post. We now have a
number of recruits to be induct-
ed into our Gold Chevron or-
ganization.

The VFW Drum and Bugle
band under the direction of
Past Commander Adam Schnei-
der and all HOBOES, will on
Saturday evening, February 7,
meet at the VFW hall to attend
their first annual HOBO ball.
Everyone is invited, a good band
a surprise treat for you. Cash
prizes for most raggy couple and
single person. Come out and
enjoy yourself and at the same
time the band boys.

Saturday evening February 21

FARM MEETS SCHEDULED

There will be a number of
farm meetings held in the near
future that will be of interest
to farm communities. Next Mon-
day, February 2, the Illinois
Rural Youthers will lead off on
the Farm and Home Week pro-
gram, which will be held in
Gregory Hall at the University
of Illinois, Urbana. Assistant
State Director of Civil Defense
will speak on "A Foot Across
the Iron Curtain", which con-
cerns her travels in Europe, in-
cluding Yugoslavia last summer.

The afternoon speaker for the
young people will be Rev. Don-
ald R. Crocker, pastor of the
First Methodist church of Cham-
paign, who will talk on the sub-
ject "A One-Word Philosophy."

W. D. Murphy, program chair-
man, reports that sessions sched-
uled for farmers at this Farm
and Home Week will include ag-
ricultural outlook, farm drain-
age and farm machinery, grains
and grain marketing, dairying
and dairy marketing, livestock
farm forestry, land use and ten-
ancy problems. Special pro-
grams for farm women will be
held each day. They will offer
18 different classes on remodel-
ing, sewing, cooking, child care,
buying furniture and fabrics and
other home making subjects.

President George D. Stodder
of the University of Illinois will
be the speaker on February 2.
Mrs. Ava Milam Clark, Oregon
State college, February 4; Clar-
ence W. Klassen, department of
public health, Springfield, on
February 5.

On February 28 the 5th An-
nual 4H and FFA Purebred
Dairy Calf club sale will be held
at the University of Illinois col-
lege of agriculture. Mr. C. S.
Rhode, who is in charge of the
sale arrangements at the col-
lege, expects about 100 select
dairy heifers born after July 1,
to be offered at auction, to 4H and
FFA members. This event will
be held in the stock pavilion at
the agricultural campus.

Mokena Man Attends Myers Training Class

Leigh Kropp, 24 East Third
Street, Mokena, associated with
Master Supply Co. of Joliet, is
among the 41 sales representa-
tives of the F. E. Myers & Bros.
Co. distributors who are attend-
ing a two week training class at
the company's main plant in
Ashland, Ohio.

During the daily class ses-

sions, from January 19-30, the
trainees are receiving first-hand
knowledge of the manufacturing
methods and the application of
Myers products which include
water systems, pumps, hand and
power sprayers and water con-
ditioning equipment.

Among the subjects covered
during the two-week course are
pumping fundamentals, opera-
tion and characteristics of My-
ers products, service, installa-
tions and sales methods.

The trainees also learn of the
company's 33 year old history
and are conducted on a tour of
the four plants located in Ash-
land.

Chrysler Special Sports Coupe & 404 Racer Make Debut

Two of the newest advances
in motorcar development, the
Chrysler "Special" sports coupe
and the "404 Racer", began their
first public showing in the Uni-
ted States on Thursday, January
15, in the Chrysler Internation-
al Salon, Chrysler Bldg., in
New York.

The Chrysler "Special" sports
coupe made its debut last month
at the 39th Annual International
Automobile Salon in Paris
where it was labeled the "sen-
sation of the show" by the
French press.

Handcrafted by the famous
"Bia di Turin, Italy, the "Spec-
ial", like the other Chrysler ex-
perimental cars—the C-200 and
the K-310—foreshadows many
styling and engineering innova-

tions which reflect in Chrysler
Corporation's Plymouth, Dodge,
DeSoto and Chrysler cars of to-
day and tomorrow, according to
A. vanderZee, vice president.

Also on display at the Salon
is the Chrysler powered "404
Racer" which recently broke all
existing Indianapolis Speedway
speed and endurance records. It
was flown from California to
New York especially for this
show.

This car has attained speeds
estimated at 170 mph. on Speed
way straightaways and has trav-
eled at speeds of more than 135
mph. for well over 500 miles.
The official 500 mile Speedway
record is 128.922 mph. set by
Troy Ruttman in the 1952 race.

Offer Plan To Limit Daytime Loop Trucking

(CNS) A plan to ease loop traffic congestion by establishing two near loop delivery depots and limiting down town truck deliveries to the nighttime was presented by Mayor Martin H. Kennelly's committee on Motor truck terminals Thursday.

Chairman Harry F. Chaddick told a meeting of the city council committee on traffic and public safety the proposal "would result in such an increase in the volume of business in the loop area that failure to act, and to act promptly, would indeed be penny wise and pound foolish."

A committee of city officials was set up to survey exact shipping needs of loop businesses, hold public hearings, and draft a tentative ordinance embodying the plan the council consideration. The committee is to report to the traffic and public safety committee within 90 days.

As proposed, two off-street out of loop receiving depot would be set up, one for handling loop bound freight at the lower level of the Congress St. expressway in the vicinity of Jefferson st., and the other for outbound packages on the lower level of Navy pier.

Chaddick said freight for the central business district would be consolidated at the west side location and delivered in trailers between 6 p. m. and 8 a. m. Outgoing packages from loop stores would be picked up during that period and distributed to trucks at the north terminal for daytime hauling. Chaddick explained.

For emergency and necessary daytime deliveries to the loop, Chaddick proposed the council allow trucks of a specified size make deliveries, provided they can be made to off street loading zones.

From the truck terminal committee's preliminary surveys, Chaddick said, "it is apparent that as a general statement of principle the truck has no place in the traffic picture of Chicago's loop during the daylight hours."

"A survey of a loop store in recent weeks showed a total of 378 trucks arriving during a normal business day," Chaddick continued. "These trucks average six packages a piece. A woeeful waste of automotive equipment, manpower and money. Further more, these 378 trucks, travelling at an average loop

speed of six miles per hour, could only contribute to traffic jams as well as economic hardship."

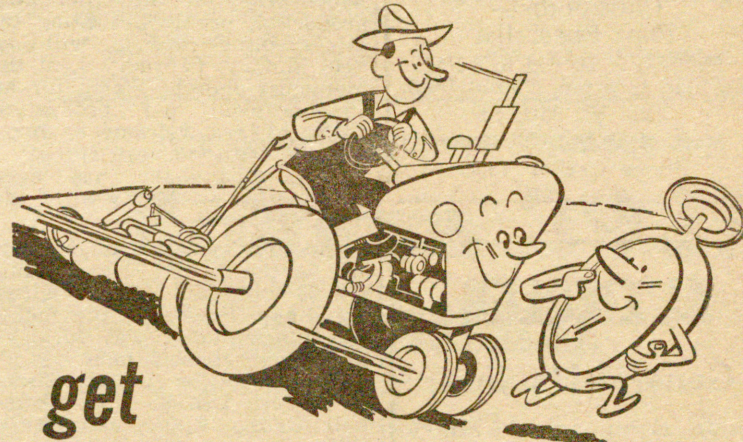

One truck waiting to enter a clogged alley made 17 turns around a loop block, Chaddick said. An investigator found Trucks are forced to unload in the street in many instances because 20% per cent of the retail stores in the loop have no off street loading zones.

The committee also found that about 16,000 trucks enter the

loop daily; that as the slowest moving vehicle trucks create the "greatest impact on the movement of traffic; and "synchronization of loop traffic lights fails of its purpose because of the slow movement of trucks."

Chaddick said for the city's multi-million dollar off street parking program to be successful motorists must be able to get into and out of the loop. He suggested the proposed truck plan would provide a solution.

After failing to cast two

plays with a list of characters

too large, both "Old Doc" and

"Christopher Bean" have been

interred by the Methodist Dram-

atic club with suitable senti-

ments. Undaunted, the club has

chosen another stage and screen

success to be presented in the

spring, "Ladies in Retirement"

which has a smaller cast, and

which will be an interesting

production problem. Casting for

this thrilling drama will be

held Sunday, February 1, at the

Methodist church. Watch for an

announcement of production

dates. All are welcome to mem-

bership, with no restrictions.

Ernest Spannhake has been

confined to his home with the

flu.

The New Lenox Band Parents

met in the Haven school Janu-

Philip Lord, Everett Long, San-

dra Wanzler and David Eriksen;

clarinet solos, Mary Lord, and

Bill Peterson; trumpet solos by

Donna Anderson and Phillip

Lord; French Horn solo by Jo-

nelle Richerson. It was announ-

ced that a band concert will be

given sometime in March. New

uniforms will be made for those

who need them. Any individual

who would like their instrument

insured should contact

Lloyd Lindstrom before the next

meeting on February 17, or in-

form Verna Steinberg at the

meeting. District contest for solo

and ensemble will be held at

Lombard school March 7, and

the band contest will be held

at Plainfield March 28. Re-

freshments were served by Mrs.

Jessen and Mrs. Lord.

Mr. and Mrs. Roy Garman en-

tertained in their home Fri-

day honoring the second birth-

of their co-leader Mrs. George

Valy. A Good Grooming chart

was made, and 12 persons for

good grooming and good health

requirements, thereby passing

two requirements for their good

grooming badge. It was an-

nounced that at the next meet-

ing LaVern Richards of the

Cut and Curl Beauty Salon of

Joliet will be guest speaker and

will talk on hair styling and

care. This evening there will be

a square dance at the Lions den

starting at 8 pm. The usual bus-

ness meeting will precede the

dance at the home of the co-

leader Mrs. Valy. Janet and

Judy Feil served refreshments,

and Karen Gillette was a guest

of the troop.

Intermediate Girl Scout troop

90 met in the Lions Den Friday

afternoon with their leaders,

Mrs. Spannhake and Mrs. Wil-

liam Stoner, and 14 members

present. The meeting opened

with the pledge of allegiance

and the Girl Scout promise. The

girls learned the six basic stit-

ches of sewing for their sewing

badge. At their next meeting

they will have a contest with

prizes for the three best deco-

rated sewing boxes. Hostesses

Norma Heidrich and Marilyn

Sayers served refreshments.

Mrs. Ernest Spannhake suf-

fered a badly cut left hand

while working in her home last

week. She was taken to the doc-
tors office where four stitches
were required.

An Ordinance

ORDINANCE No. 118
AN ORDINANCE OF THE VILLAGE OF ORLAND PARK ENTITLED 'NEW SUBDIVISIONS' BE IT ORDAINED by the President and Board of Trustees of the Village of Orland Park, Illinois:

Section 1
WHAT A SUBDIVISION INCLUDES

A subdivision of land shall include any change or rearrangement in the boundary or division lines of any lot, parcel or parcels of real estate or any public thoroughfare; it shall also include any division of any existing parcel or tract of real estate into two or more parcels or tracts of real estate.

Section 2
TENTATIVE PLAT TO BE SUBMITTED TO THE VILLAGE BOARD OF TRUSTEES

Any owner of land within the corporate limits of the Village of Orland Park desiring to divide the same into smaller parcels or into building lots for the purpose of sale, assessment or both, and wishing to dedicate streets, alleys or other lands for public use, shall first submit to the Village Board a tentative plat in duplicate blue prints, such tentative plat shall meet the following requirements:

Scale: Each tentative plat shall be drawn to a scale of not smaller than 100 feet to 1 inch. Area: The tentative plat shall show the complete area to be divided with general areas adjoining, the boundaries of the property to be divided, section and half section lines, existing permanent buildings, water courses and other existing features pertinent to the proper subdivision.

Municipal Boundaries: All corporate boundary lines within or adjacent to the proposed subdivision shall be designated.

Street: The widths of roads, streets (with their names), and alleys; dimensions of lots and blocks, and building lines shall be shown. The full width of streets bounding the proposed subdivision (with their names) and the widths and names of intersecting streets in the property immediately adjacent shall be shown. All streets shall be carried to the boundaries of the proposed subdivision.

Names: The name of the proposed subdivision with the name of the owner, the developer, sponsor or trustees shall be shown.

Section 3
VILLAGE BOARD SHALL REFER TENTATIVE PLAT TO THE VILLAGE ENGINEER

The Village Board by motion shall refer the tentative plat to the Village Engineer, who shall examine the plat and the proposed improvements and prepare estimates of the costs of the street grading and such other public improvements as may be required by this or other Village ordinances then in force. The Village Engineer shall report back to the Village Board with a written report of his finding in which he shall either approve or disapprove of the tentative plat and the proposed improvements. The Village Engineer shall also cause to be marked upon the tentative plat the date, his approval or disapproval, his name and title. One copy of the approved plat shall be returned to the subdivider and the other copy shall be returned to the Village Board.

Section 4
FINAL PLAT TO BE SUBMITTED TO THE VILLAGE BOARD

After the tentative plat has been approved and returned to the subdivider, the subdivider shall submit to the Village Board a final plat for record as described in Section 4 together with the following supporting documents:

(a) A grading plat and profile approved by the Village Engineer showing the existing center line elevations of all streets and alleys in the proposed subdivision and the center line elevations of proposed pavements shall be referred to some permanent bench mark. Profiles shall be drawn to a horizontal scale of 50 feet to the inch and vertical scale of 5 feet to the inch.

(b) A statement signed by the subdivider setting forth the public improvements he proposes to make in the subdivision together with plans and specifications approved by the Village Engineer clearly describing the same which shall contain an agreement by the subdivider to make the said improvements at his own expense (subject to the approval of the final plat by the Village Board) within the time limit fixed by the Village Board.

(c) A statement of approval signed by the Village Engineer certifying that the improvements described in the subdivider's statement meet the minimum requirements of this ordinance, or exceed them as the case may be, and an estimate of the cost of such improvements including the cost of engineering and inspection.

(d) A duly completed and executed corporate completion bond with sureties satisfactory to the Village shall be posted with the Village by the subdivider, in an amount equal to the Village Engineer's estimate of such public improvements, certified by the Village Attorney as good, valid and enforceable by the Village, securing the satisfactory completion of all public improvements due on the property involved or to be subdivided have been paid.

forceable by the Village, securing the satisfactory completion of all public improvements in strict accordance with the description, plans and specifications submitted by the subdivider and approved by the Village Board and the Village Engineer.

(e) Evidence satisfactory to the Village Board, showing that all taxes and special assessments due on the property involved or to be subdivided have been paid.

Section 5
THE FINAL PLAT

The final plat submitted to the Village Board shall be in strict accordance with the approved tentative plat and shall be drawn on tracing cloth to a scale of not smaller than 100 feet to 1 inch. One blue print of said final plat shall accompany the same. The final plat shall meet the following requirements:

NAME: The name of the proposed subdivision shall be shown.

DATE: The date of preparation and proper north sign shall be shown.

SURVEY: A correct survey of the property proposed to be platted shall be shown. LEGAL DESCRIPTION: A legal description of the property shall be given which includes reference to the section, township and range. Government section lines and corners, half section lines, the location and dimension of all streets (with their names), alleys and all other lands to be dedicated to the public use; and the lines and dimensions of all abutting roads and streets (with their names) and alleys shall also be shown.

STREET NAMES: All streets shall be named in conformity with the street naming plan of the Village of Orland Park or with adjoining streets. In the case of diverging streets the name shall be repeated. Extension of existing streets shall carry the name of the existing street.

LOT LINES: All lot lines shall be shown, lots and blocks numbered or lettered, building lines and easements shall be shown and determined by measurements.

DIMENSIONS: All necessary dimensions, both linear and angular shall be shown. Linear dimensions shall be shown in feet and decimals of a foot and all deflecting angles, radii, areas and central angles of all corners along the property line of each street shall be shown.

MONUMENTS: The description and location of all survey monuments erected in the subdivision shall be shown. Such monuments shall be either iron pipe not less than 1 inch in diameter and 30 inches long, of stone or concrete not less than 4 inches in diameter and 24 inches long. Permanent monuments shall be erected at all street corners, at all points where street lines intersect the exterior boundaries of the subdivision and at angle points and points of curve in each street.

STREET CONNECTIONS: Provisions shall be made for the direct connections with the existing streets in adjoining subdivisions, whenever possible.

DEDICATION OF LANDS FOR PUBLIC USE: The Plat shall have lettered upon it a statement of dedication properly conveying all lands dedicated for such public uses as streets, public schools, parks, playgrounds or any other public use or uses, and there shall be attached to the plat a certificate of title certifying the ownership of all such lands to be so dedicated by the said plat.

CERTIFICATES: All proper certificates, seals and signatures as required by law shall be shown.

STREET WIDTHS: Section line streets shall be not less than 100 feet wide, half section line streets not less than 80 feet wide and secondary and residential streets not less than 66 feet wide, except that all streets dedicated along a railroad shall be a minimum of 80 feet in width and shall include a 20 foot parkway between the railroad and the used or constructed portion of the street.

ALLEYS: Where alleys are shown and provided they shall be not less than 20 feet wide.

EASEMENTS: Where no alleys are platted, easements not less than 10 feet wide shall be provided across the rear of all lots for any and all public utilities. The easements shall be so laid out that a proper continuity may be had for such utilities from block to block. Along all railroad rights of way a 20 foot easement for parkway and public utility purposes shall be laid out.

SET BACK LINES: Set-back lines shall be shown not less than 30 feet from the street lines, in the residential district, as required in the Zoning Regulations of the Village.

BLOCK SIZES: No Block shall be more than 1200 feet long nor less than 250 feet wide. STREETS ALONG RAILROADS: Streets platted along railroad rights of way shall be so laid out that the nearest street line of such street shall be not less than 125 feet from the nearest line of such railroad right of way. The intervening area shall be dedicated for park purposes, wherever practicable, as determined by the Village Board.

LOT DEPTHS: The minimum

depth of lots shall be 125 feet. No lots with double frontage (through lots) shall be platted. LOT WIDTHS: Lots having an area of less than 20,000 square feet, shall have a minimum frontage of 75 linear feet; lots having an area of 20,000 square feet or more shall have a minimum frontage of 100 linear feet.

LOT AREAS: The lot areas in the various residential, single family, two family and three to six family, office, residential and business districts shall conform to the requirements of the Zoning Regulations of the Village of Orland Park.

LARGE LOTS: Owners wishing to subdivide into tracts which are larger than the normal lots shall plat the same of such shape and dimensions that the future streets of the district involved may be laid out along the lot lines.

Section 6
Improvement of Roadways

The subdivider shall at his own expense improve all streets with a dust proof surfaced roadway in conformity with specifications laid down or approved from time to time by the President and the Board of Trustees.

Section 7
Additional Improvements Required for Subdivision

The subdivider of any proposed subdivision within the corporate limits of Orland Park shall also provide through out the entire subdivision, at his own expense, the following public improvements, in conformity with specifications laid down or approved from time to time by the President and Board of Trustees.

STREET LIGHTS: As designated by the Village Board. STREET NAME SIGNS: Street name signs of such a type approved by the Village Board shall be provided at all street intersections.

WATER MAINS: Throughout the entire subdivision.

FIRE HYDRANTS: Specifications as recommended by Chicago Board of Fire Insurance Underwriters and/or approved by the President and Board of Trustees.

Section 8
Public Improvements to be Approved by the Village Engineer

All plans, specifications and contracts for public improvements required by this ordinance, such as street paving, sidewalks, alleys, gutter, street signs, water system and sewer systems shall be submitted to the Village Engineer and approved by him if they conform to this ordinance and the specifications adopted pursuant hereto. No construction work shall be commenced until such plans, specifications and contracts are so approved by the Village Engineer.

Section 9
Inspection at Subdivider's Expense

All public improvements to be made under the provisions of this ordinance shall be inspected during the course of construction by a competent inspector appointed by the Village Board. The salary and other costs in connection with this inspection shall be paid by the subdivider.

Section 10
Variations

The Village Board may approve variations from the requirements of this ordinance in specific cases which do not affect the general plan or spirit of the ordinance.

Section 11
Final Approval by the Village Board

When the Village Board is satisfied with the final plat and with all improvements, conditions and documents pertaining to the subdivision platted thereon, the Village Board shall by resolution approve the said plat and authorize and direct the President of the Village Board to affix the Village stamp of approval and to sign the plat for and in the name of the Village of Orland Park. Said approval shall be attested by the Village Clerk and sealed with the corporate seal of the Village of Orland Park. No improvement provided for by the ordinance shall be made until the final plat has been approved by the President and Board of Trustees as herein provided.

Section 12
Violation Penalty

(a) Any person, firm or corporation who constructs any public improvement or portion thereof in violation of the provisions of this ordinance shall be upon conviction, fined not less than \$25.00 nor more than \$500.00 for each lot, block or part thereof so disposed of, offered for sale or leased.

Section 13
Repeal

All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed in so far as they conflict herewith.

Section 14
Effective Date

This ordinance shall become and be effective from and after its passage, approval and publication in the manner prescribed by law. This Ordinance was passed and deposited in the office of the Clerk of the Village of Orland Park, Illinois, this 26th day of January, 1953.

Harvey Federal Reaches New Peaks in Its 42nd Year

The year 1952 was a banner one for Harvey Federal Savings and Loan Association, according to financial statements released last week. In commenting on the statements, Foss P. Miller, chairman of the Board of Directors, said, "The year 1952 saw a continuation of the steady growth which has characterized the operations of the Savings Association since it was founded in 1911. Its forty-second year just closed, saw new peaks in every department. Assets totaled \$9,186,414.57, a gain of \$354,657.83. The principal item in the increase in assets was in first mortgage loans, which reached the new total of \$7,917,845.26, an increase of over one-half million dollars during the year."

Net earnings during the year just closed reached a new peak of \$223,706.90, of which the sum of \$144,835.01 was paid out in the form of dividends, another record, according to Mr. Miller. Of this dividend total, the last six months of the year saw a total distribution of earnings of \$82,532.69, as a result of an increase in the dividend rate to 2 1/2% per year.

After payment of dividends, a total of \$78,871.89 was carried to reserves and surplus, raising those accounts beyond the half million mark for the first time in history, to a total of \$550,517.08 at the year end.

Savings held by the Association reached a new record high of almost seven and one-half million dollars, a total of \$7,418,810.54 being placed with the Association. The total number of savings accounts followed the trend of savings, reaching a new high of 6,142 held by 10,090 persons, firms and corporations. This is the first time that the total of savers and investors having accounts in the Association passed the ten thousand mark, according to Mr. Miller.

In discussing the coming of the new year, Mr. Miller said, "The trend towards increased savings carries on into January, according to the figures for the first five days of January when a total of \$113,696.08 in new savings was brought in to the Association." This could not doubt be traced to the increased rate of earnings now being paid by the Association, said Mr. Miller.

IN MEMORIAM

AHLBORN, Virginia. — In loving memory of our daughter and sister who passed away six years ago February 3.

No words could paint the sense of loss That like a dirge throbs in our hearts,

Nor understand but God, Whose will it was that we should part.

MOTHER AND SISTERS

CARD OF THANKS

I want to extend my grateful thanks to all my many friends for their kindness shown me by the many cards, flowers and gifts while I was in the hospital.

MRS. ALMA HAUCK

Mr. and Mrs. Edward Brueser who left Mokena Jan. 9 by motor for a southern trip returned home last Wednesday. They report visiting with the Darrell Manharts near Rankin, Ill., with other friends at Dawson, Springfield, Ky. They also stopped at the home of Mr. and Mrs. Ernest Smith at Nashville, Tenn. Mrs. Smith will be remembered as the former Patsy Steele, and while at Mississippi City, Miss. they had a lovely visit with Col. Don C. Hall and his grand daughter, Mrs. Wanda Scott. The Don C. Hall Jr's were not at home at the time they visited at Biloxi and New Orleans.

The Wayfarers surprised Robert Boyer in his home last Friday evening by helping him to celebrate his 70th birthday. A gift was presented to him by the group with best wishes for a speedy recovery. Mr. Boyer has been confined to his home following an auto accident last November.

Robert P. Mattsey of First Street is seeking a divorce from his wife, Betty, on charges of desertion. She left him on December 1, 1951, he states in the complaint. Mr. Mattsey is asking that he be given custody of their four children. Mr. and Mrs. Mattsey were married April 1, 1945 in Joliet.

Mrs. Robert Niemann, who underwent surgery the forepart of the month for removal of bunions on both feet, expects to return to the hospital soon to have the casts removed. She is improving nicely at latest reports.

In a letter this morning from Mrs. George Bassett in Ontario, Wis., she states they have had a nice winter with only a few times when it was below zero. They have a little snow but it is not deep.

Their son Bob, who has visited in Mokena often with his grand mother, Mrs. Lillie Cooper and aunt and uncle, the Harry Coopers, is in the navy and stationed at Memphis, Tenn. Mrs. Lillie Cooper recently spent a week end there when Mr. and Mrs. Kenneth Bassett from LaCrosse were home for the same weekend.

Beverly, the five year old daughter of Mr. and Mrs. Ed Walsh who underwent an appendec-

tomy in Silver Cross hospital Jan. 18, is improving nicely in her home.

Carol, the four year old daughter of Mr. and Mrs. Don Hamilton of New Lenox has been a patient in Illinois Research hospital in Chicago for the past 3 weeks where she is under observation for a stomach condition.

Mrs. Hamilton is the former Frieda Schrank of Mokena. Mrs. Elmer Cooper and Mrs. Harold Spiess are serving on the petit jury in Joliet.

The Thursday afternoon pin-ochle club will meet with Mrs. Adolph Steen Feb. 5.

Mrs. Hugo Niethammer, Mrs. Arthur Shoop, Miss Adeline Semmler and Rev. and Mrs. R. Hartung attended a district meeting of the Rock River conference held in the Tinley Park Methodist church last Friday evening. A speaker from the educational department was present and spoke on presenting the Easter story.

Mrs. George Bisgrove who went to her daughter's home, Mr. and Mrs. Elmer Roemer in Green Garden to help her following the birth of their baby boy, Jan. 2, has returned to the home of her daughter, Mrs. Clinton Krause where she is ill with the flu.

Dr. and Mrs. E. G. McMahon left Jan. 21 by motor for a trip to the south. They will visit with their daughter Mr. and Mrs. D. Wessels and then go to Florida. They will return March 1.

Miss Maxine Kaelin of La-Grange spent the weekend with Mrs. Jessie Sippel and the Roy Kropp family.

A party was given in the home of Mr. and Mrs. Richard Kirk, Woodland Circle, last Sunday, to help Mrs. Kirk celebrate her birthday. Guests were Mr. and Mrs. Robert Peterson and children, Mokena; Miss Ann Lackner, Frankfort; Mr. and Mrs. Kyril Kirk and daughters, of Chicago; Mr. and Mrs. Richard Purler and children, New Lenox; Mr. and Mrs. Kenneth Kirk and daughters, New Lenox and Mr. and Mrs. Bill Swigart and sons, Tinley Park. Pvt. Richard Kirk called by long distance from Camp Chaffee, Ark. to wish his mother a happy birthday. A pleasant time was enjoyed by all.

Bobby Peterson who stepped on a nail Sunday, is detained from school for a week or so.

The New Farmall Super M Tractor

The new Farmall Super M is described as the world's most powerful all-purpose tractor. It has plenty of power to pull a four-furrow moldboard plow in practically all conditions and cover 20 or more acres a day. It has power and speed to disk up to 50 acres a day with a 10-foot tandem harrow and pull a peg-tooth harrow or ground roller at the same time. It has faster field speeds to cultivate up to 60 acres a day.

Poor Rich Man
Lesson for February 1, 1953

THE MAN had everything. He was young, he was in an executive position, he was in vigorous health, he was respectable, he was very rich. And still he felt something missing. After all this, what? What was there for him over and beyond the pleasant and powerful life he was then living? He was spiritually sensitive; he could feel that all he had was still not quite the thing.

Camel and Needle
The man in the famous story (Matthew 19) never did get what he wanted, so far as we know. The reason is, he did not want it enough. The price was high: nothing less than everything he had, and his wealth was great. So he "went away sorrowful" and that is the last we see of him. What Jesus said as he watched him go has caused a great deal of discussion, both at the time and ever since. According to Matthew, Jesus said that it is harder for a rich man to enter God's Kingdom (that is, to have eternal life, or to be saved) than for a camel to get through a needle's eye.

All sorts of efforts have been made to show that Jesus could not possibly have meant this. The words translated "camel" and "needle's eye" could possibly mean something else, but they probably don't. We may as well face it. Jesus meant to say that the only way a camel could get through a needle's eye is by a miracle; and it is more of a miracle for a rich man to enter the Kingdom of God than for a camel to pass through a needle's eye. He did not say it was impossible; he did say it was possible only with God. This is, as shocking in 20th century America as in first century Palestine.

Riches Are Risky
Actually there are many more warnings against wealth, in the Bible, than against poverty. The "have's" are in more spiritual peril than the "have-not's." Why this is, can be shortly stated. A minister who had had many contacts among the super-rich of one of America's Gold Coasts remarked to the writer that wealth makes the first generation hard, the second generation soft. The man of wealth may easily trust in his possessions and not in God, in short to make a god out of his own property. He may test right and wrong by what the effect is on his holdings. Because his friends are mostly among other rich people, he is constantly tempted to habits, diversions, recreations, customs which are not Christian. Further, the possession of wealth tends to make the owner near-sighted; like the rich young ruler who turned his back on Jesus, he can neither see clearly his own best interest nor the needs of men and women in the shadowed ways of life.

Don't Be Ruined by Riches
Now it is not true that Jesus taught that all first-class Christians must be complete paupers. It is not true that Jesus taught that no one with property can be a Christian. It is not true that Jesus laid it down as a rule for all his followers that they must give away everything they have. One of his best-loved disciples was John, who owned a home of his own. We can recall Lydia and Barnabas among the early Christians; we can all name Christians who have served God and their fellow-men with their money. When a doctor tells a patient he must get rid of his appendix, he is not saying that all healthy persons must do the same. But when an appendix is a danger, out it must come. Now wealth may be a danger, a source of moral infection. The one best way to keep from the dangers of possessions (and these begin as soon as we have as much as one surplus dime) is to learn to think of them, and to use them, as a trust from God. To be Christian in the earning and acquiring of what we have; to be Christian in the using of it; to spend what we have as if Christ were spending it; to remember that of him to whom much is given, much shall be required; to regard what we own as so much opportunity for doing good, instead of so much insurance against hardships; this calls for the grace of God. Two Illinois 4-H'ers Win State Honors
Records of two of the 1952 Illinois state winners in the national 4-H awards programs have been submitted for national honors. These are the records of Gary Mueller, 19, Reynolds, state Forestry project winner; and Judith Konnecker, 18, Carlinville, state winner in the Recreation and Rural Arts program. As state winners, the records of these two Illinois 4-H'ers will be in competition with other state winners in these projects from all over the country for sectional and national awards of educational trips to National 4-H Club Congress in Chicago, November 30—December 4 and college scholarships.

Gary Mueller Judith Konnecker
Gary Mueller's forestry project work has been concerned with managing the farm woodland at home. He has combined a wildlife project with forestry to establish a fine wildlife refuge in the woodland. He added 700 multiflora rose bushes for wildlife protection this year. He was an outstanding camper at the first Illinois Forestry Camp at the Southern Illinois 4-H camp this summer. In his 9 years of 4-H club work he has carried 24 projects including, in addition to forestry and wildlife, swine, crops, home grounds improvement, poultry and farm electricity. Gary has been awarded a gold medal and certificate for his state honors.

State Room Improvement winner and Club Congress delegate last year, Judith Konnecker this year is competing for national honors in Recreation and Rural Arts. She has been junior leader of the Sunnyside of Honey Point 4-H club for the last 4 of her 9 years in club work, and a county 4-H federation delegate for 4 years. Among her many other activities, she has served as vice president of the Macoupin county recreation group, been recreation leader at day camp and has helped with recreation activities at the State Fair.

Judith plays the saxophone in the Carlinville community band, sings in the church choir at home, is a member of the University of Illinois women's glee club, member of Terrapin, women's swimming society, attended Red Cross National Aquatic school at Lake Bloomington where she earned the Red Cross swimming and diving instructor's card, the standard first aid card and the water safety card. She has attended community leadership classes, taught Red Cross life saving and swimming classes at Lake Carlinville and worked there as a lifeguard for 6 weeks this summer.

The National Forestry program is sponsored by the American Forest Products Industries, Inc., while the United States Rubber Company sponsors the national Recreation and Rural Arts program. National 4-H Club Congress is under the direction of the National Committee on Boys and Girls Club Work, in cooperation with the USDA and the Extension Service of the University of Illinois College of Agriculture.

Going to be a Nurse?

With the ever increasing need for trained professional services this question is asked at all ages. There has seldom been a little girl who didn't enjoy putting her dolls to bed and playing nurse. This little patient at Cook County Hospital in Chicago is no exception. She is telling her favorite nurse "I want to be just like you".

Favorite places for duty in the 3400 bed hospital are the children's wards and the child development playroom; and in the three years it takes to achieve her diploma every student has the opportunity to learn the care of children. Because statistics prove that the graduate nurse also makes a wonderful wife and mother, and is invariably a leader in her community, the University of Illinois-Cook County School of Nursing has adopted the slogan "Your Nursing Education is Never Wasted".

Hundreds of young women— young men too— find student life stimulating in Chicago's great Medical Center, and its recreational life a duplicate of what their own home towns would offer. A four and a half year course will also lead to a Bachelor of Science Degree in nursing from the University.

Tips on Touring

By Carol Lane
Women's Travel Authority

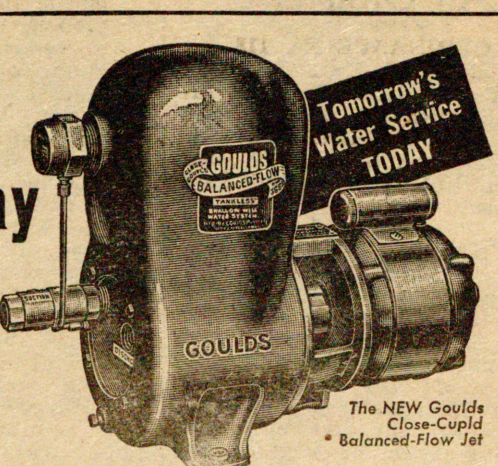

Ice fishing is a great sport if you can avoid stooping over a hole for hours while wind and cold make a stalactite out of your spine.

In states like Minnesota, Wisconsin, Michigan or northern Iowa, winter Isaac Waltons build a sheltering ice-house over a hole in a lake, complete with a small stove where they swap stories in heated comfort until the fish capitulates. In our less Arctic-like states, where lakes don't freeze quite so

thick, the fishermen sit around a fire built on the shore, leaving it only when their "tip-ups" are tipped up by the tug of a hooked fish. Around Boston, tip-ups are usually home-made from embroidery hoops swiped from mother's sewing basket. A hole is cut in the ice slightly smaller than the diameter of the hoop. The hoop is laid flat and a hooked and baited hand line dangles from it into the water. When the pull of a hooked fish sets the "tip-up" on end, the fisherman is beckoned from his heated car or shore fire. Sometimes an old curtain rod bent into a "V" is successfully improvised into a tip-up.

Apparently those who can take ice-fishing won't leave it. And judging by the size of the catch each winter—only the fish are sorry!
